

Beautiful moments for your loved one on Valentine's Day

A little one-on-one time: DEPOT celebrates couples across Germany

Niedernberg, February 10th, 2022 - It's a date to remember: the most romantic day, especially celebrated in the USA, the day of the Ferris wheel is upon us. Meanwhile, book lovers celebrate the give-a-book day across the world. And here at home? February 14th is circled on everyone's calendar for one good reason: love. DEPOT has everything you need to make your time with your loved one extra special on Valentine's Day. Show your loved one that you care, and create a special moment just for the two of you. A small selection of big possibilities from Germany's leading decor and furnishing specialist.

Chocolate is sweet - and always gives a clear message

Just one word, but a clear message: Yes, it's...Love. Then say it with this beautiful foil balloon, available in pink or silver. Say it with flowers, like the soft rose bouquet, that is guaranteed to never wilt, or the colorful vintage Rose. You could add a matching vase as well – the new bubblerills model is a beautiful choice. An ideal surprise, would be the Candy hearts For You to enjoy together – as we all know, the best way to your lover's heart is through their stomach. Of course, you don't want to forget the hugs fruit gummies. If you prefer fine milk chocolate, choose the sweet heart lollipop. Your loved one is guaranteed to get the message.

Finely packaged and decorated - from the heart

Presents that come from the heart deserve a beautiful outfit, and the heart gift wrap is a great choice. We recommend adding the 36-piece sticker set handmade in white, vintage rose, and gold. What should you wrap and decorate with them? For example, you could choose the black tea with heart, for a cozy day at home on the couch or the gift set foamie girlz with gentle shower gel made of papaya and oat milk – and for the guys, the cool foamie guys 3-in-1 shower gel with activated charcoal. No matter how cold it is outside, the heart hand warmer keeps things nice and cozy.

Keep memories alive - with photos & more.

Digital photos have a lot of advantages, but you can't hold them in your hand. That's what beautiful moments is for, a classic, natural photo album that records wonderful shots and offers plenty of space to add eventful anecdotes and short stories to every page. The memories photo box is the perfect choice to give your pictures and memories their own home. The glass box with lid is a stylish addition to any side board. Not just a feast for the eyes: DEPOT also offers something for dessert: a deamy vanilla or walnut ice cream with the finest dessert sauce, or freshly made French crepes. With a cozy atmosphere and Candles from the heart, you'll have a wonderfully relaxed end to your Valentine's Day.
